IN MEMORIAM

RUFUS F. GENTHNER

Serving his fifth successive year as chairman of the Board of Selectmen of Damariscotta, Rufus F. Genthner died on Sunday, November 13, 1932. A stroke of paralysis suffered on the previous Friday had been preceded by a few days of illness, up to which time he had been active in the discharge of his official duties. Mr. Genthner was 76 years of age and had been a prominent citizen of the town for more than 51 years. He was a member of the old and well-known firm of Isaac Genthner & Son, later representing large Portland and Boston business houses. He was elected treasurer and collector of taxes in 1889 and served in those positions for seven years, during which time the Knox and Lincoln Railroad was sold to the Maine Central Railroad, and as treasurer of the town he handled the funds which came to the town from its financial interest in the first named railroad. Mr. Genthner was a courteous and capable official, giving unstintedly of his time and untiring attention to the business of the town and had the complete confidence of its citizens.

FRANK J. HOFFSES,
PERL E. WOODBURY,
Selectmen.

AUDITOR'S REPORT

I hereby certify that I have examined the accounts of the Selectmen, Collector and Treasurer of the Town of Damariscotta, Maine, for the year ending March 1, 1933, and find them correct with all necessary vouchers.

E. E. PHILBROOK, Auditor.

REPORT OF THE SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens of the Town of Damariscotta:

It is a pleasure to submit for your consideration the annual school report for the fiscal year ending February, 1933.

The enrolment and distribution of the pupils at the opening of the present school year (Sept. 1932) was as follows:

Teacher	Grade	Enrolment
Madeline Hopkins	1	29
Madeline Hopkins	2	22
Florence Erskine	3	13
Florence Erskine	4	23
Doris Glidden	5	15
Doris Glidden	6	22
Alvah Nickerson	7	16
Alvah Nickerson	8	13

153

As has been the practice in previous years our teachers are cooperating to assist in cases where the classes are unusually large. The enrolment in the primary room (grades one and two) has been the largest for many years.

STATE SCHOOL FUND

Although our State School Fund for the present fiscal year is larger than that of the previous year, we should not overlook the fact that in the future this State allowance will be greatly reduced. Commissioner B. E. Packard of the State Department of Education has issued the following statement: "The apportionment of the State School Fund in December 1933,

as compared with December 1932, will entail a shrinkage of approximately 18-20%. You may safely reckon that your State School Fund apportionment will be reduced this amount. In order to be in the same position as to school funds for the next fiscal year that you were for the past fiscal year it will be necessary to add this amount to appropriations at the annual March meetings. Probably in many instances this will be difficult to accomplish but in the preparation of your budget you will need to take into careful consideration this reduction in the State School Fund."

EDUCATIONAL STANDARDS

In this serious emergency our school problems must be solved in the light of the interests of all the children of all the people. The people are the ones who own and operate the school. As your agent, your school committee has wide powers in using such school funds as you may appropriate. Teachers and the superintendent must look to the members of the committee, as representatives of the people, for constant guidance and direction. During this troublesome period it is only with the continued support of all that we can hope to maintain an adequate standard of educational service. Undoubtedly economy in school budgets, when possible without weakening the educational system, is in order. Commissioner Packard has stated this policy as follows: "It is our duty in every way possible to economically and wisely administer our school systems but it is unthinkable that our citizens would permit lowered standards of educational opportunity for their children. Public education is the cornerstone upon which our democracy is established. No type of self-government can exceed in excellence the general character and intelligence of its citizens. Education plays here an essential part in furnishing a

type of citizenship which will guarantee a high standard of democratic government."

It would seem that our educational costs compare favorably with that of the surrounding towns and the average for the state. Only six of the eighteen towns of Lincoln County have as low a tax rate for school purposes as that of Damariscotta. The following will indicate our present tax rate per thousand as taken from the state bulletin Vol. 2, January 1933.

	Aver. Tax Rate	Tax Rate of for State Damariscotta
School Tax Rate per thousand	.01135	.00907
Municipal Rate	.05145	.0414

INCREASE IN SCHOOL ENROLMENT

Considerable interest has been expressed concerning our school enrolment. The following tabulation shows how the enrolment has increased since 1926:

Year	Enrolment Castner School	Enrolment Secondary Schools	Total
1926	108	27	135
1927	118	28	146
1928	120	29	149
1929	133	35	168
1930	152	38	190
1931	150	53	203
1932 fall term	153	55	208

For the present fiscal year, our secondary school tuition cost was \$4080.99, or an increase of \$767.32 as compared with the tuition cost for 1931-32. Only eight pupils are expected to complete the work at Lincoln Academy this year; while twelve may enter Lincoln Academy from the eighth grade at the Castner School. Because of this probable increase of pupils in the secondary school enrolment, it seems reasonable

to expect that the secondary school tuition cost will be larger than ever before.

CONCLUSION

In the words of Abraham Lincoln, "Public sentiment is everything. With public sentiment nothing can fail; without it, nothing can succeed." If real effective work is to be done, surely, nowhere is the need of support greater than this cause—education of your children. I feel deeply grateful for the cooperation given by the town officials, parents, and citizens, and for the helpful guidance of your superintending school committee.

Respectfully submitted,

BLYNNE ALLEN,

Superintendent of Schools.
